

ADEBAYO FATAI . O

Lagos, Nigeria | +234 808 785 8857 | adebayofatai924@gmail.com

SUMMARY

- Full-stack web developer with extensive experience in Reactjs, Nextjs, JavaScript, and TypeScript, specializing in creating intuitive and user-friendly websites and applications.
- Developed and deployed responsive landing pages and full-stack web applications, resulting in enhanced user satisfaction and business growth.
- Designed efficient, scalable solutions for clients, improving performance metrics and reducing load times by up to 30%.
- Demonstrated expertise in modern web technologies, integrating APIs and frameworks to deliver dynamic and functional web solutions.
- Consistently met project deadlines and client expectations while maintaining high-quality code standards and best practices.

PROFESSIONAL EXPERIENCE

Gozade

London, UK

Front-End Engineer (Contract)

Nov 2025 – May 2026

Gozade is a technology company focused on building scalable digital products and user-centric applications for businesses and end users.

- Developed and maintained responsive, high-performance web applications.
- Translated UI/UX designs into pixel-perfect, accessible, and mobile-first user interfaces, ensuring consistency across multiple devices and browsers.
- Collaborated closely with back-end engineers and product designers to integrate APIs and deliver seamless user experiences.
- Optimized application performance through code splitting, lazy loading, and component optimization, improving page speed and overall usability.
- Built reusable, maintainable UI components and contributed to a scalable front-end architecture, reducing development time for new features.
- Participated in code reviews, bug fixing, and Agile development processes to ensure high-quality, reliable software delivery.

Freelance Front-End Developer

Jan 2025 – Jul 2025

Provided front-end development services to startups, small businesses, and individual clients, building responsive, user-friendly web applications and websites that enhanced user experience and supported business objectives.

- Designed and developed responsive, mobile-first user interfaces using React.js, Next.js, TypeScript, Tailwind CSS, HTML, and CSS, ensuring seamless experiences across devices and browsers.
- Collaborated with clients to transform UI/UX designs into pixel-perfect, interactive web applications that aligned with business and branding requirements.
- Integrated RESTful APIs and third-party services to deliver dynamic, data-driven user experiences.
- Optimized application performance through code splitting, lazy loading, and front-end best practices, resulting in faster load times and improved usability.
- Built reusable, maintainable UI components and followed modern development standards to improve scalability and code quality.
- Worked closely with clients throughout the project lifecycle, gathering requirements, providing technical recommendations, and delivering projects within agreed timelines.

Techill Academy

Lagos, NGA

Full-Stack Web Developer

Jun 2024 – Dec 2024

Techill Academy specializes in offering tech-based educational services, empowering learners with practical knowledge in software development and digital skills.

- Designed and developed dynamic, user-friendly websites and applications to support the academy's educational initiatives.
- Built scalable and efficient back-end systems using modern technologies to ensure seamless performance for online learning platforms.
- Worked on front-end development, leveraging frameworks like React.js and Next.js to create responsive and interactive user interfaces.
- Collaborated with stakeholders to gather requirements and implement custom features, enhancing the functionality and usability of the platform.
- Optimized existing web applications for improved performance, reducing page load times and enhancing the overall user experience.
- Contributed to the integration of APIs for third-party services, enriching the platform's capabilities and delivering value-added features.

Innovar Ideas
Web Developer Intern

Lagos, NGA
Jan 2023 – Dec 2023

Innovar Ideas is a technology-driven company that focuses on providing innovative solutions to businesses, helping them establish a robust online presence through cutting-edge web development services.

- Assisted in the development and deployment of responsive websites and landing pages, ensuring mobile-first design principles for seamless user experiences.
- Contributed to the front-end and back-end development of web applications using modern frameworks such as React.js and Next.js.
- Collaborated with a team of developers to debug, optimize, and enhance existing codebases, leading to improved application performance.
- Integrated APIs and third-party services to add dynamic functionality to web solutions, meeting client-specific requirements.
- Gained hands-on experience in industry best practices, version control systems (Git), and agile methodologies to ensure project efficiency and timely delivery.

Freelance Front-End Developer

Jan 2022 – Sep 2022

Provided professional web development services to small businesses and individual clients, delivering tailored digital solutions to enhance online visibility and business growth.

- Designed and developed custom websites and landing pages with responsive, mobile-first layouts to ensure accessibility across all devices.
- Built and maintained dynamic web applications using modern technologies such as HTML, CSS, JavaScript, and React.js.
- Integrated third-party APIs and plugins to extend website functionality, including payment gateways, contact forms, and social media features.
- Optimized website performance and SEO to improve page speed, user engagement, and search engine ranking.
- Worked directly with clients to gather requirements, provide technical recommendations, and deliver solutions within agreed timelines and budgets.
